Free money is a key component of wisely paying for education after high school.

# SAVING FOR YOUR EDUCATION

*Any money saved may mean less student loan debt to repay.*

## Ways to Save:

- ▶ **Put aside some money** from gifts (birthdays, graduation, & holidays).
- ▶ **Earnings** from job opportunities (during school & summer).
- ▶ **A 529 Direct Savings Plan** is a tax-free account for Indiana residents to set aside money for college. The State of Indiana provides a 20% tax credit (up to \$1,000) on annual contributions.
- ▶ **Coverdell Education Savings Account (ESA)** is an after-tax investment option with tax free withdraws to use for educational costs. Maximum annual contribution is \$2,000 and beneficiary must use by age 30.

**INvestEd Tip:** Saving for education beyond high school comes in many forms, check out [INvestEdIndiana.org/saving](https://INvestEdIndiana.org/saving) for more details.

# STUDENT EMPLOYMENT

*Working is a great way to help pay for school, gain practical work experience, and even help you get a job after graduation!*

## Student Employment Options:

- ▶ **Working Part-Time** helps cover expenses, network, and gain job experience.
- ▶ **Federal Work Study** provides on or off campus jobs for students with financial need. Money earned does not count against you on the FAFSA.
- ▶ **Internships** may not always be paid positions, but studies show that over 80% of employers look for internship experience in their future employees.

# EDUCATION LOANS

After you have exhausted all FREE money avenues, education loans may be needed.

## Evaluating loan options:

- ▶ **Know who the borrower is for each type of loan.** Is it the student, the parent, or is a cosigner involved?
- ▶ **Know the costs.** Do the loans have fees and are the interest rates variable or fixed?
- ▶ **Know when interest begins to accrue.** Does the loan debt begin to grow immediately?
- ▶ **Know when repayment begins.** Is there a grace period or does repayment start once the loan is disbursed?
- ▶ **Know who you are borrowing from.** Are the loans from the government, a bank, or a nonprofit organization?

**INvestEd Tip:** Check out our Loan Repayment Calculator as you evaluate your loan options and understand the potential repayment!

# INCOME SHARE AGREEMENTS

Another way to fund some of your education and repay later based on your income.

## What is an Income Share Agreement (ISA)?

Money for the student to help cover some educational costs. The student signs an agreement with the college or program provider to repay a percent of their income for a set period of time after attendance or graduation.

Many factors impact ISA criteria including student program and projected income. While not all colleges or programs offer this option, for some it will be an alternative to private student loans or federal parent loans.

# FINALIZING YOUR FUNDING PLAN

*A significant factor in making your final decision is deciding how you'll cover the cost.*

## Steps to finalize your plan

- ▶ Respond to requests from schools for any additional documentation
- ▶ Compare your financial aid offers – clearly identify FREE money, student employment, and loans
